

Collapsible Grow Light Stand Instructions

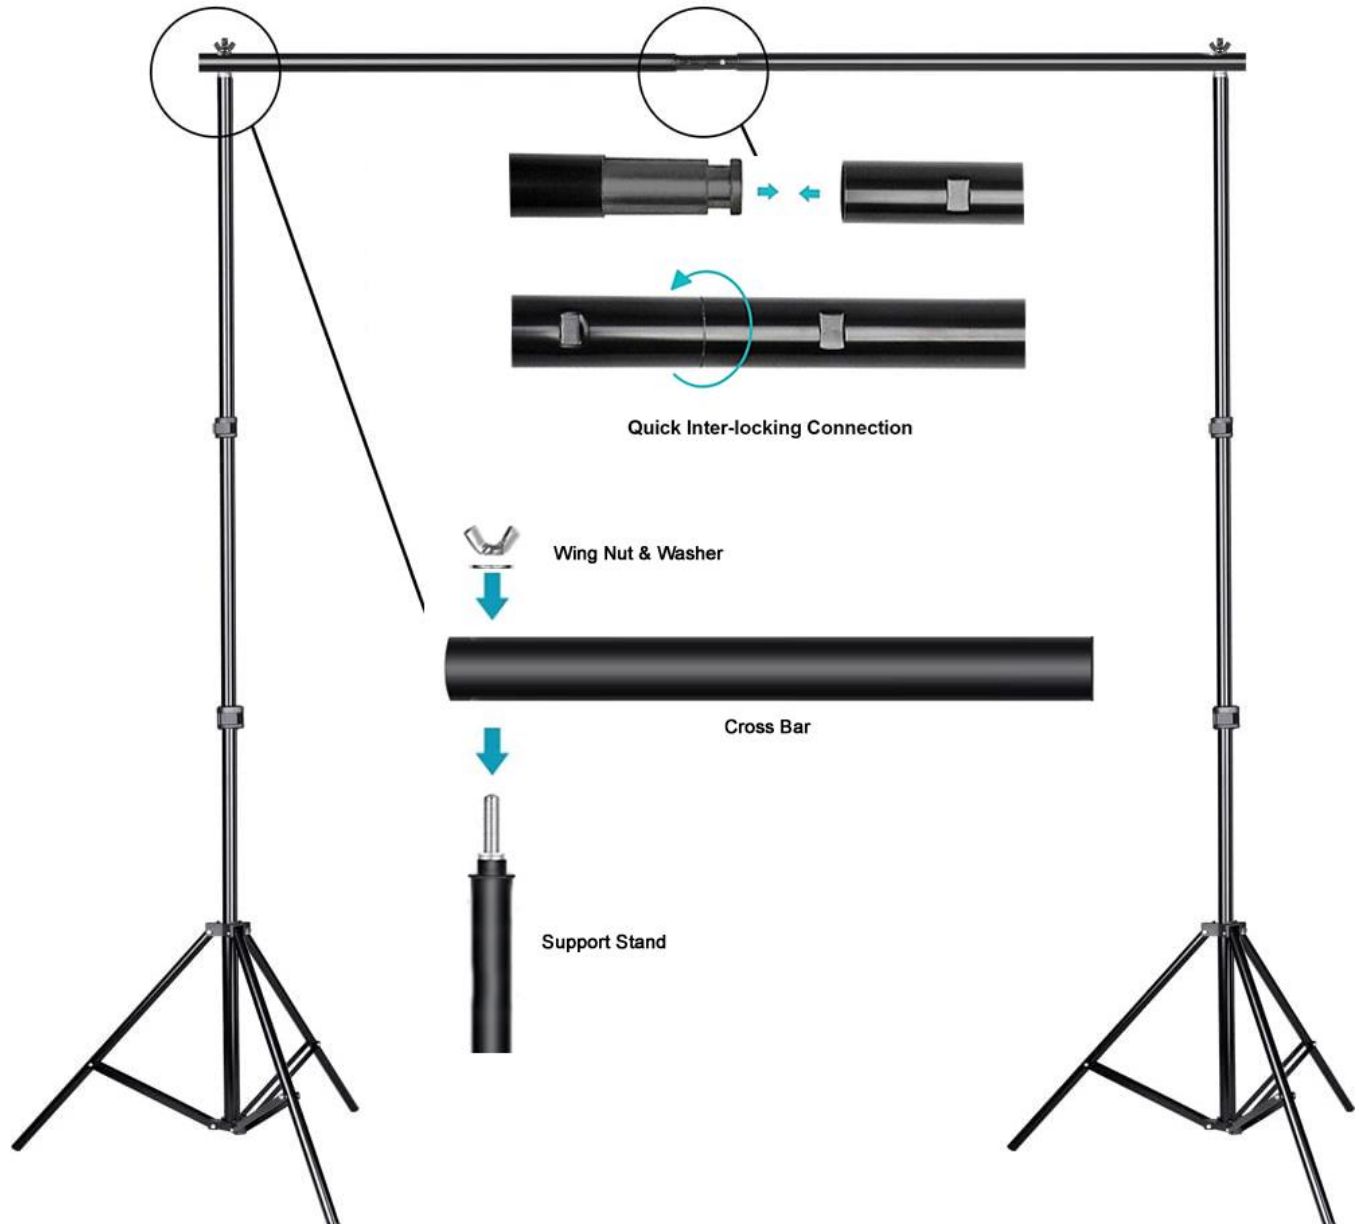

What's Included

- 2 – Support stands
- 4 – Cross bar sections
- 2 – S-Hook light hangers
- 1 – Portable carry bag

Maximum Recommended Weight (evenly distributed)

- 31 lbs. at 5' length
- 22 lbs. at 7.5' length
- 13 lbs. at 10' length

Assembly

1. Remove the parts from the carry bag and attach cross bars together until desired length is achieved as shown in the 1st diagram.
2. Extend the support stand legs and adjust the stand to the desired height by loosening the adjustment knobs shown in the 2nd diagram. Tighen all adjustment knobs when done.
3. Attach the assembled cross bar to the 2 support stands with the included wing nut and washer as shown in the 1st diagram.
4. Attach grow light with included s-hook hangers or an aftermarket hanging system.
